Diasorin

From Diasorin Iberia, we are pleased to invite you to our Multidisciplinary Scientific Conference in Lisbon, Portugal, where we will bring together leading clinical experts and laboratory professionals from various international institutions.

During this conference, we will explore the latest advances in the diagnosis of gastrointestinal diseases, addressing key topics such as:

- Diagnosis of Inflammatory Bowel Disease
- Helicobacter pylori Infection
- Application of Molecular Diagnostics in Infectious Gastroenteritis

... and other innovations in the field of diagnostics!

It will be an excellent opportunity to share knowledge, discuss clinical challenges, and learn about the latest technologies in the diagnosis of gastrointestinal diseases.

WE LOOK FORWARD TO YOUR PARTICIPATION AT THIS LEADING SCIENTIFIC EVENT

Sincerely,

The Diasorin Iberia Team
